Re: Pre-Motion Conference

Please be advised that I received the letter dated September 6, 2007 requesting a pre-motion conference and I have no objection to such a conference.

I do object to the fact that the said letter also discusses the case in detail which is inappropriate.

The fact that the counsel intends to file pre-motions is a matter for the pre-motion conference.

At this time I do not feel that it is appropriate to discuss any possible motions to be made by opposing counsel. In any event, I stand by the Plaintiff's position with regard an attorney of his own choosing.

Please advise me as to the date of the pre-motion conference.

Respectfully,

  
Amelio P. Marino
